## Honeycomb blinds

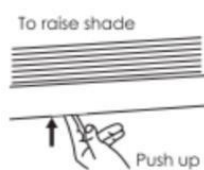

Commercial Cellular Shades are a winning solution to your commercial window coverings project. Our cellular shades have a wide range of fabric thicknesses to meet the needs of your project, light-filtering and blackout shade options are available. Cellular shades offer a more delicate, textured window covering that controls solar energy and offers excellent sound absorption.

operating the shade

**Lowering shade:**  
Simply grasp the center of the bottom rail and pull the shade down to desired length and release.

**Raising shade:**  
Simply grasp the center of the bottom rail and push it upward to the desired length and release.
